

PAUKNER AIR HANDLERS

Paukner Metal Products * The Name That Means Quality And Comfort

PMP is Pleased to Announce our New Model Air Handler

These units are designed for performance and reliability. Paukner Air Handlers are an excellent choice for converting hot water heat to forced air. These units also perform well with forced air add ons like Central Air Conditioning, Electronic Air Cleaners and Humidifiers etc.

Units can be installed in a up flow, down flow or horizontal air flow position offering ultimate flexibility.

Units include Heat Exchanger, Filter, Filter Rack and low voltage (24V) controls.

New Model AH Features include:

- *20 gauge G90 Galvanized Construction.
- *4 Speed Direct drive blowers. (3 speeds on AH70)
- *Capacitor run motors with Sealed bearings.
- *All motor speeds pre-wired and Prioritized.

DEFLECTOR GRILLS

Available for all units
